Other Accent-Related Offers

Group Accent Training

For students who have already completed one or more of the courses listed above, I also run a group accent training course called 'Articulation: The Vowels'. The course is designed for students who require extra support and feedback regarding their accent. The training takes place in a dynamic online classroom, in which you receive personal instruction, tips and advice from me. This course only runs a couple of times per year and usually fills up quickly. To be notified first when the next course is announced, send me an email to register your interest.

Your email should say: 'I want to be the first to hear about your next group accent training course'.

Accent Assessment

For a limited number of students each month, I provide accent assessments. The test involves reading a short script, followed by answering a question spontaneously for one minute. You record your answers using your phone, then email them to me. I provide detailed feedback on your accent strengths and weaknesses, based on what I hear in the recording. The feedback you receive is in the form of an audio MP3 and a copy of my notes.

The cost is £40 and can be purchased at the link below:

<https://jadejoddle.samcart.com/products/accent-assessment>

***Important:** *when the monthly quota of accent assessments has been reached, the sales page will not allow any further purchases to be made.*

Private Lessons on Zoom

I am fully booked at the moment. My next availability for students who have taken one or more of my courses will be in 2021.
